# Virtual Training Course in Prostate Cancer

January 19 - 20, 2021

Algeria, Tunisia: 10:00 am

Egypt, Lebanon, South Africa: 11:00 am

KSA, Russia, Turkey: 12:00 am

Iran: 12:30 am

UAE: 1:00 pm

Chairman:

Prof. Antonio Alcaraz

This training course will provide an update on the clinical management of patients with prostate cancer. Didactic lectures will present the many recent advances in the treatment of this disease and their integration into the multidisciplinary management of patients with early stage, high risk, and metastatic prostate cancer. Presentations will also discuss emerging controversies and on going research aimed at addressing them. Interactive discussions and cases with experts in the field will enhance the learning experience.

<https://zoom.us/j/2758334143?pwd=dIFEN01reVJZdUNsblgzQm50VC9QQT09>

Other details, if needed:

Meeting ID: 275 833 4143

Passcode: zoom

### Instructions

#### BEFORE THE MEETING:

Please create a Zoom account if you don't have one and download the Zoom client or app.

Refer to these videos for detailed instructions:

[How to download the client](#) | [> How to join a meeting.](#)

#### DURING THE MEETING:

- Please wear earphones with a microphone or a headset to block out any background noise that could impair the quality of your speech.
- Make sure your internet connection is strong and your computer is not running bandwidth-consuming software. If possible, disconnect other devices from that network.
- Please sign in using your full name, if we are not able to recognize you as one of the invitees you won't be allowed in the meeting.
- Please always mute your microphone when you're not talking.
- If you're experiencing a technical problem during the meeting, please send a private chat message to Volume. [Here's how.](#)
- Please follow [these instructions](#) to share your screen.
